

Tips to *enjoy* your bouquet as long as possible:

1. Always use a clean vase.

2. Add the contents of the Chrysal sachet into the vase.

3. Add the right amount of (cold) tap water.

4. Remove the lower leaves, so that there are none in the water. Do not remove thorns.

5. Cut 2 - 5 cm off the stem.

6. Put the flowers in the vase.

7. Refill the vase if necessary with water and (liquid) Chrysal flower food.

8. Keep the flowers away from draughts.

9. Keep the flowers away from direct sunlight.

10. Keep the flowers away from ripening fruits.

11. Immediately remove wilted flowers.

*Enjoy
your
bouquet!*
